## CHAPTER 1 - DEPARTMENTAL RULES

### SUBCHAPTER 11 - INDUSTRIAL DEVELOPMENT FUND

#### SECTION .0100 - PURPOSE AND DEFINITIONS

##### .0101 BACKGROUND AND OBJECTIVES

(a) **BASIC**—The purpose of the North Carolina Industrial Development Fund (also to be known as the Industrial Building and Renovation Fund) is to assist local, town, city or county governments with incentive industrial financing located in the most economically depressed counties in the state, in areas of the state that have been designated as eligible tier areas by NC General Statutes. This assistance will be is intended to help those units of government create new jobs by providing financing for the renovation or improvement and expansion of manufacturing or industrial buildings so as to induce "private profit making" entities to occupy, by lease or purchase, and to operate manufacturing or industrial businesses. units of government offer to its new and expanding industry, new or improved infrastructure, or funds for building renovation and equipment in exchange for commitments to create new, full-time jobs in industries currently eligible under NC General Statutes.

(The fund is not designed to be used for the acquisition of land and buildings or constructing new buildings.) If the assistance is used for infrastructure, it shall be granted to local governments with no repayment; however, if it is used to purchase equipment or to renovate industrial buildings, then the funds must be repaid. But whether a grant or a loan, the amount of funds to be made available for a project shall be determined by the number of new jobs committed, with a maximum job limit and project limit as currently authorized for the program by NC General Statutes.

(b) The objective of this program will be to provide new full-time jobs for North Carolina citizens. The Department will necessarily determine that the renovations and improvements are a necessary part of the private firm's decision to provide the new jobs. If it is determined that the private firm would have (or has already begun to) spend private money to make these renovations and create these jobs, no funds from this program will be expended.

(b) **EMERGENCY ECONOMIC DEVELOPMENT ASSISTANCE**—This special assistance from the Industrial Development Fund, which is used at the discretion of the Secretary, is available to units of government that have, or shall imminently experience, a loss of 500 or more manufacturing jobs in the county, or a number of manufacturing jobs equal to at least 10 percent of the manufacturing workforce in the county. Where a unit of government relies on the 500 jobs loss as the threshold for obtaining this special assistance, it must submit convincing evidence that the loss seriously impacts the county's economy, taking into account the county's tier ranking under Rule .0701 of this Subchapter. The funding obtainable under this emergency assistance category shall not necessarily be determined by the number of new jobs to be created, although the project should lead to new jobs, or save jobs, or both, and help alleviate a jobs dislocation problem. The Secretary shall determine the amount of funds for a project, up to the maximum currently authorized for the program by NC General Statutes. This assistance shall be in the form of a low interest loan to the governmental unit, amortized over five years with repayment beginning at the end of the second year.

(c) **UTILITY ACCOUNT**—Within the IDF structure, the Utility Account provides financing to units of government for jobs creation and investment in the tier area(s), and for benefiting firms currently authorized by NC General Statutes. Funds may be used for construction or improvements to water, sewer, gas, or electrical utility lines and equipment for existing or proposed industrial buildings. There is no specific amount of funding specified for each new job or project, but the impact of the funding should lead to the creation of new jobs and new investment. As with basic IDF financing, if Utility Account funds are spent for public property, the assistance shall be a grant; for private property, it shall be a loan.

(d) **CLEAN WATER BONDS PROCEEDS** - Clean Water

bonds proceeds from the IDF shall be used to make grants to local government units to pay the cost of clean water projects for economic development with regard to the locating of industry to, and the expansion of industry in the State. These funds shall be administered in the manner permitted in the Basic IDF and the Utility Account except the following limitations shall apply:

- (1) The funds shall be used for grants; not loans.
- (2) Grants shall be made only for projects that will have a favorable impact on the clean water objectives of the State.
- (3) Projects shall be located in economically distressed counties or those that have a population of less than 50,000 determined from the data derived at the time of the last December ranking of economically distressed counties.
- (4) Grants may be made only with respect to the industries specified by the Clean Water and Natural Gas Critical Needs Bond Act of 1998 as amended.
- (5) The water or sewer utility lines or facilities for which bond funds are disbursed shall not necessarily be located on the site of a building or proposed building at which an industrial activity occurs if the utility lines or facilities will further the clean water objectives of the State.

Secretary of the Department shall determine which counties are the most economically depressed counties in the state based on: rate of unemployment, per capita income, and relative population and work force growth or lack of growth, as determined by the Secretary. The figures used in making this comparison and the delineation of "most" and "least" will be the latest available per capita income figures by county, as documented in a published form by any State or Federal Agency generally recognized as having expertise and creditability in these fields.

- (5) "Eligible tier areas" means the aggregation of North Carolina counties into groups in which certain economic benefits apply, as currently authorized by G.S. 105-129.3.
- (f) "Emergency Assistance Qualified County" means any county which is facing the threat of, or which is experiencing a major economic dislocation. A major economic dislocation would mean the actual or imminent loss of manufacturing jobs caused by one or more plant closing(s) or one or more announced plant layoff(s) which affect:
  - (a) at least 500 jobs; or
  - (b) a number of jobs which is equal to or exceeds ten percent of the existing manufacturing work force. In the case of Subparagraph (f)(2) of the Rule, the number of jobs impacted must exceed 50.
- (6) "Unit of Government" means a town, city or county of the state.
- (g) "Project" means one or more activities proposed for funding, or for partial funding, under this Rule. Such a project will be described in a narrative and accompanied by a preliminary set of drawings which set out the exact factual situation and a detailed schedule of costs from a contractor or engineer. The schedule must constitute an ability to complete such project with no more than a ten percent contingency. All such project material will provide evaluations of potential for unusual site characteristics which might influence construction or operating costs. In each case, the project description will document the direct relationship between the project and the jobs created.
  - (1) Project expenditures for existing buildings may include:
  - (2) In the case of counties designated as "severely depressed", project expenditures may include construction of or improvement to new or existing water, sewer, gas, or electrical utility distribution lines or equipment to serve new or proposed industrial buildings to be used for manufacturing and industrial operations. Such infrastructure shall be located on the site of the building or directly related to the specific manufacturing activity.
- (7) "Full-time Job" means a job that requires at least 1600 hours of work in a year.
- (h) "Renovation" shall have the same meaning as project;

as described in Paragraph (g) of this Rule.

- (11) "Project" means an activity proposed for IDF funding. It shall be described narratively in an application and accompanied by a preliminary set of drawings, or sketches, or other data that present the project in factual detail, together with a schedule or itemization of costs from an engineer or contractor. The schedule of costs shall constitute the ability to complete a project with no more than a 10 percent contingency.
- (12) Project expenditures may include:
  - (a) For basic IDF—
    - (i) the construction of, or improvements to existing water, sewer, gas or electrical utility systems, distribution lines, or required storage facilities, or a rail spur when either is publicly owned and operated, and or;

Such improvements may include mechanical equipment such as heating or and air conditioning equipment, plumbing, pipes or trenching to handle effluents or process water, special electrical additions necessary for ovens, furnaces or other processors and lighting. If a renovation or an improvement is critical to the operation of a particular manufacturing or industrial businesses,

business, or, if such improvements are or is critical to the decision making process pertinent to the creation of such jobs, the actual improvement need not be located on the site of the industrial main project building. If, however, a grant of funds is involved, the improvement must be constructed on public right-of-ways or on property which the unit of government has an easement to treat as it normally would do as if it owned the property. However, when extending infrastructure to a firm, IDF assistance ends at the private property line. Still in either situation, the application must document the exact relationship of between the jobs and the project. An example of a fundable project would be the case where a the unit of government must construct an elevated water tank and service water lines to provide water to a building so as to provide sprinkler water to a building where such service is directly required to operate the an industrial or manufacturing business. An example of an unfundable project would be where a unit of government seeks to expand or to repair its water utility (or other infrastructure) system and where the relationship to the creation of jobs is fairly general or indirect vague. The project will shall be described in from the perspective of employment to be created in the and its impact area of to the project. Direct and indirect jobs will be treated separately in the discussion. The operator of the project will provide details as to the nature of direct jobs created, including the skills required, work conditions, wages paid and seasonal influences on the number of work days per year.

- (D) the installation of or purchase of manufacturing equipment or process productions equipment.
- (iv) the purchase and installation of equipment that is associated with the industrial classification of the project.
- (b) For Emergency Economic Development Assistance—Loans to local units of government for economic development projects designed to create jobs, lead to the creation of jobs, or save jobs, and to assist in alleviating the economic dislocation created by the loss of jobs.

- water, sewer, gas or electrical utility systems, distribution lines, or required storage facilities, or a rail spur or rail line when either is publicly owned and operated, and or;

- (15) "Local Matching Funds" means funds of a unit of government contributed to an economic development project for the purpose of assisting in a total financing package and earning (or winning) other funds by doing so. Matching is usually expressed as a ratio, i.e. one local dollar for three state dollars, or one for three.
- (16) "Local Matching Requirement." The Department requires local matching in grant projects except for Emergency Economic Development Assistance projects and those located in a tier area that has been exempted from matching by NC General Statutes. - Department believes the project can be more prudently structured as a loan rather than a grant.
- (19) "Preapplication Conference" means a meeting held at the Department to discuss a proposed IDF application and includes: a representative of Commerce Finance Center; the applicant; an official of the benefiting firm; and a banker, if a participation loan is involved. A preapplication conference may be waived when the total IDF expenditures are expected to be fifty thousand dollars (\$50,000) or less.
- (20) "Clean Water Objectives of the State" include:
- (a) Reducing the reliance on wells, septic tanks and similar facilities;
- (b) Allowing residences, businesses, or local governments not otherwise served by water or sewer or wastewater infrastructure to connect into a distribution line or system (for water supply, sewer, or wastewater) being furnished in an economic development project for new or expanding industry.

Authority G.S. 143B-437.01.

### .0202 APPLICATION CATEGORIES AND REQUIREMENTS

- (a) Applicants can apply for funding under different grant categories, including the categories of
- (1) utility improvements or additions owned by public bodies;
- (2) utility improvements or additions owned by private entities;
- (3) industrial facilities owned by public bodies but being leased or being improved for immediate or delayed sale to private operators, or to private "arms-length" landlords;
- (4) industrial and manufacturing facilities owned by private "non-profit" entities such as "Community Development Corporations" or Committees of 100" funded and/or endorsed by the elected leadership of the unit of Government; and
- (5) industrial and manufacturing facilities owned by "for profit" entities to be improved by funds loaned to the private "profit-making" entity by a unit of city or county government.
- (a) Applicants may apply for funding under the following

categories:

- (1) Basic IDF;
- (2) Emergency Economic Development Assistance;
- (3) The Utility Account;
- (4) Clean Water Bonds Proceeds.

(b) There is no set minimum grant amount of funding which applicants may request or to be awarded. If there are practical difficulties about a small amount or cost disadvantages, these shall be discussed with the applicant in a preapplication conference. Grant IDF awards shall not exceed the total amount specified appropriated by the General Assembly in its appropriation process. Chapter 830 of the 1987 Session Laws, in Section 111, Paragraph (2), limited the maximum grant to a sum not to exceed the lesser amount the two hundred fifty thousand dollars (\$250,000), or a total of twelve hundred fifty (\$1,200) for each job created. For basic IDF, Emergency Economic Development Assistance, and Clean Water Bonds Proceeds, per job or per project maximum funding limitation shall be the amounts established under current law. There is no maximum set for Utility Account funding; but the amount of awards shall be determined by the Secretary. For the purpose of this Section basic IDF, the per job limitation shall be imposed applied on the basis of requiring a commitment from the occupying industrial or manufacturing firm operator of the business as to the number of jobs it will create that shall be created over a reasonable period of time, not to exceed three years. The number of jobs created will include only those people directly employed in permanent or seasonal jobs by the operator who occupies the facility; indirect and temporary jobs will not be included. Those shall be permanent, full-time jobs; no temporary or contract jobs.

(c) The Department may authorize a local unit of government that receives IDF funds to use up to two percent of the funds to verify that expenditures are made in accordance with the law and rules and to otherwise administer the IDF project.

(e) When a project renovation or improvement is to be accomplished to a building or on a site owned by a private entity, whether the private entity is conducted on a "for-profit" or on a "not for profit" basis, the project will be financed by a loan to that private entity. This loan will be made to the private entity by the local unit of government with funds made available from this program. In each case, the local unit of government will establish its own authority to do that financing. The applicant will require and provide to the Department of Commerce satisfactory documentation that all costs are reasonable and that all funds are to be expended with regard to the conflict of interest statutes regulating business transactions between government officials and other involved parties. The applicant will propose a plan of project administration which is satisfactory for the Department of Commerce.

(d) All funds expended which directly assist participating private entities must be repaid to grant recipients and then returned to the Department of Commerce as such repayments are received. Such repaid funds will not be returned to the General Fund, but set aside to fund new projects approved under this Subchapter. Generally, project grants classified under Rule .0202 (a) (1) will not be repaid. Repayment for projects otherwise classified may be given subordinate collateral

positions, interest costs which are at less than market rates, or amortization which defers cash flow, in so long as requests are documented as necessary to the creation of jobs and the success of the project.

(e) A project will be subject to review by the Department of Commerce at any time during the first three years after the project begins. For a project classified under Rule .0202 (a) (2) (3) (4) and (5) of this Rule, any repayment balance that it owes the local unit of government may be partially or fully accelerated if the business has closed, or if the operating company has not made reasonable progress towards its jobs creation goal.

(d) Under basic IDF, improvements to building properties and equipment purchases (either of which becomes private property) shall be loan projects and shall be accomplished with participation loans. The three parties to a participation loan shall be: the borrower's North Carolina bank, the borrower, and the unit of government. The bank and the unit of government (using IDF funds) shall be at least equal participants, sharing equally in the funds provided and in the risk and collateral involved. The bank, however, may supply more money than just matching IDF; in this case, the bank's pro rata share is larger. Also, in the matter of sharing equally, this means that if the bank takes a certain collateral position, the unit of government shall share in that position. If either an out-of-state bank or a financial institution other than a bank is used in a participation loan, that must be approved by the Department.

(e) IDF funds may be provided to a unit of government to meet matching funds requirements. In this case the Department shall furnish a loan repayment schedule to the mayor, city manager or county manager, which, in addition to the award letter and application, shall establish the responsibility for repayment, and times and amounts of repayment.

(f) Loans for Emergency Economic Development projects shall be accomplished as in Paragraph (d) of this Rule.

(g) Loans for Utility Account projects shall be accomplished as in Paragraph (d) of this Rule except for building improvements or equipment that the operator shall own. In that case, the loan shall be a participation loan as in Paragraph (c) of this Rule.

(h) With either grants or loans, the Department shall require financial information from the project owner or operator to establish financial capability. The usual requirement shall be the preceding three years' financial and operating statements; for new businesses, at least three years pro forma statements and a business plan. In any case, the Department may use credit reports, bank information, or other data that it deems appropriate to establish the credit worthiness of the borrower.

(i) A project shall be subject to review by the Department at any time during the first three years after the project begins.

(j) The Department may require a unit of government to partially or fully accelerate loan repayments if the operator's business has closed, moved, or if the company has not made reasonable progress toward its jobs creation commitment. The Department may require repayment of a grant, partially or fully, if the operating company has moved, closed, or has not made satisfactory progress towards its jobs creation commitment; and, in the case of Emergency Economic Development Assistance or the Utility Account, if funds are not spent in the manner for

which they were approved.

### **SWEARING IN OF NEW MEMBERS**

Mr. Bryan swore in the new members: Commissioner Powell who was reappointed, and Commissioners Laura Devan and John Arrowood. Commissioner R. Palmer Sugg was previously sworn in.

### **APPROVAL OF MINUTES**

The meeting was called to order at 10:05 a.m. with Chairman Powell presiding. He asked for any discussion, comments, or corrections concerning the minutes of the November 19, 1998 meeting. There being none, the minutes were approved.

### **FOLLOW-UP MATTERS**

4 NCAC 3B .0101, .0102, and .0103: COMMERCE/Banking Commission – No response was received from the agency on these rules.

4 NCAC 3H .0002: COMMERCE/Banking Commission – No response was received from the agency on this rule.

10 NCAC 3R .6112: DHHS/Medical Care Commission – The rewritten rule submitted by the agency was objected to due to lack of statutory authority and ambiguity. The rewritten rule did not cure any of the earlier objections and in addition is either an improper attempt to incorporate the agency's own materials by reference or is unnecessary in that it attempts to merely tell the agency to do what it is already legally required to do.

10 NCAC 3U .0305, .1601, .2805, .2806, and .2810: DHHS/Child Care Commission - The rewritten rules submitted by the agency were approved by the Commission.

10 NCAC 20C .0206: DHHS/Division of Vocational Rehabilitation Services - The rewritten rule submitted by the agency was approved by the Commission.

11 NCAC 8 .0912 – INSURANCE/Manufactured Housing Board: The rewritten rule submitted by the agency was approved by the Commission.

12 NCAC 7D .1201, .1202, .1301, .1302, .1303, .1304, .1305, .1306, and .1307: JUSTICE/NC Private Protective Services Board – No response was received from the agency on these rules.

12 NCAC 9B .0301: JUSTICE/Criminal Justice Education & Training Standards Commission – The rewritten rule submitted by the agency was approved by the Commission.

15A NCAC 1N .0403, .0604, .0701, and .0703: DENR – The rewritten rules submitted by the agency were approved by the Commission.

15A NCAC 2D .1208: DENR/Environmental Management Commission - The rewritten rule submitted by the agency was approved by the Commission.

15A NCAC 3P .0202: DENR/Marine Fisheries Commission - The rewritten rule submitted by the agency was approved by the Commission.

15A NCAC 8G .0401, .0402, .0403, .0404, .0405, .0406, .0407, and .0409: DENR/Water Pollution Control Systems Operators Certification Commission - The rewritten rules submitted by the agency were approved by the Commission.

15A NCAC 18A .2804: DENR/ Commission for Health Services – The rewritten rule submitted by the agency was approved by the Commission.

21 NCAC 46 .1612, .2306, .2502, .2609, and .2611: N C Board of Pharmacy – The rewritten rules submitted by the agency were approved by the Commission with the exception of .2306 which was withdrawn by the agency.

21 NCAC 57A .0305: N C Appraisal Board - The agency requested additional time to look at this rule.

## **LOG OF FILINGS**

Chairman Powell presided over the review of the log and all rules were unanimously approved with the following exceptions:

4 NCAC 1E .0104: COMMERCE/Commerce Finance Center – The Commission objected to this rule due to ambiguity. In (c), it is not clear what information has been prescribed by the secretary. This objection applies to existing language in the rule.

4 NCAC 1I Rules: COMMERCE/Commerce Finance Center – These rules were returned to the agency for failure to comply with the APA. The rules were adopted only 15 days after publication of the notice of text.

4 NCAC 1K .0102: COMMERCE/Commerce Finance Center – The Commission objected to this rule due to lack of statutory authority. In (p)(2), there is no authority for the agency to require calculations to be done in accordance with an agency policy which has not been adopted as a rule.

4 NCAC 1K .0103: COMMERCE/Commerce Finance Center – The Commission objected to this rule due to ambiguity. In (a), it is not clear who designates or what the standards are for designating counties as urban counties or cities as entitlement cities or urban county cities. This objection applies to existing language in the rule.

4 NCAC 1K .0302: COMMERCE/Commerce Finance Center – The Commission objected to this rule due to ambiguity. It is unclear what is meant by "certain" criteria. This objection applies to existing language in the rule.

4 NCAC 1K .0402: COMMERCE/Commerce Finance Center – The Commission objected to this rule due to lack of statutory authority. The last sentence amounts to a waiver provision by allowing the Commerce Finance Center to give special instructions. No guidelines are provided so there is no authority for the rule.

10 NCAC 26H .0304: DHHS/Division of Medical Assistance – The Commission objected to this rule due to ambiguity. In (k)(1)(C)(i), it is not clear what standards the Division of Medical Assistance will use in specifying salary levels. In (l)(4)(D), it is not clear what standards the Division will use in granting permission to continue cost settlement. In (u), it is not clear what constitutes "just cause." In (y)(1)(B), it is not clear what standards the Division of Facility Services is to use to verify that a sprinkler system is needed. In (y)(1)(C), it is not clear who are "appropriate authorities." In (y)(1)(E), it is not clear what standards DMA will use in granting prior approval for installation. This objection applies to existing language in the rule.

Commissioner Sugg abstained from voting on all the Environmental Management Commission rules.

15A NCAC 2B .0250 and .0251: DENR/Environmental Management Commission – The Commission listened to extensive presentation and then voted to approve these rules with changes previously submitted by the EMC to satisfy staff's concerns.

15A NCAC 7H .0308: DENR/Coastal Resources Commission – The Commission objected to the original rule due to ambiguity in (d)(1). It is unclear which alternative is more or less restrictive, who is to make the decision, or the standards for making the decision. A rewritten rule submitted by the agency was approved by the Commission and any existing objections were removed..

15A NCAC 7O .0202: DENR/Coastal Resources Commission – The Commission objected to the original rule due to lack of statutory authority. In (4) there is a prohibition against camping. DCM can give written permission, amounting to a waiver of the rule. However there are no standards for granting or denying the waiver, as required by 150B-19(6). The rewritten rule submitted by the

agency was approved by the Commission.

17 NCAC 6B .0118: DEPARTMENT OF REVENUE – The Commission objected to this rule due to ambiguity. In (1) it is unclear what the distinction is between (2) and (3). The first cites a participant who has been issued a "letter of warning due to noncompliance with program requirements. The seemingly more serious "Probation" status in (3) simply requires that the participant has been issued a "warning letter." Is there a distinction between a "letter of warning" and a "warning letter?" If not then how is it determined whether someone is in (2) or (3)? Does "noncompliance with program requirements" in (2) have some specific meaning? Is there anything a participant can do that would result in a warning that is not coming from "noncompliance with program requirements?"

21 NCAC 8N .0302: NC State Board of Certified Public Accountant Examiners – The Commission objected to the original rule due to ambiguity. It is unclear in (b) whether firms organized under G.S. 55B or 57C shall not have any non-CPA ("minority") ownership or whether such ownership (non-CPAs) may be a majority. The rewritten rule submitted by the agency was approved by the Commission.

21 NCAC 32S .0105: NC Medical Board – The Commission objected to the original rule due to lack of statutory authority. There is no authority to require applicants for renewal to submit any previously unspecified information desired by the Board as set out in (2) that may or may not be related to qualifications for licensure and renewal. Presumably the Board may seek any information required to comply with registration or renewal statutes or rules and this would be already included on the registration form, set out in item (1). The rewritten rule submitted by the agency was approved by the Commission.

21 NCAC 32S .0113: NC Medical Board – The Commission objected to the original rule due to lack of statutory authority and necessity. G.S. 90-14 specifies the grounds that the Board may use to revoke a license. If this rule expands those grounds (it used different wording in a number of cases) then there is no authority for such expansion. If it does not add anything to the statutory grounds, then it is unnecessary. The rewritten rule submitted by the agency was approved by the Commission contingent upon receiving a technical change. The technical change was received.

21 NCAC 32S .0114: NC Medical Board – The Commission objected to this rule due to lack of necessity. Except for (c) this rule does not seem to add anything that is not already set out in statute. The rule was withdrawn by the agency.

21 NCAC 32S .0117: NC Medical Board – The Commission objected to the original rule due to lack of statutory authority. There is no proper authority cited for these fees. The rewritten rule submitted by the agency was approved by the Commission.

21 NCAC 46 .1804: NC Board of Pharmacy – The Commission objected to this rule due to lack of statutory authority and ambiguity. This rule amendment either goes beyond the Board's authority or is unclear. It is unclear what is meant by "the alteration" of a prescription order at the end of (a). Aside from the lack of clarity in the rule, it nonetheless seems the board is exceeding its regulatory authority. The board has no authority to direct third parties in how to act or to refrain from acting. The rule is unclear as to the action that is required or forbidden. It seems to be directed towards persons over whom the board has no authority.

21 NCAC 46 .2506: NC Board of Pharmacy – The Commission objected to this rule due to lack of statutory authority. The rule on its face is not ambiguous and allows pharmacists to choose to work over the limit specified in the rule. If this is so, there is no necessity for the rule. Even if it were necessary, there is no authority for this rule as to how pharmacies are to conduct their business. (This rule regulates the pharmacy permit holder, not the pharmacist.) The authority cited simply provides that a pharmacy must register with the board and supply certain limited information (the identity of the pharmacist manager and all pharmacist personnel). If that information is provided, the board has no authority to deny the permit. Beyond that there is no additional authority over a pharmacy. The substantive authority cited, G.S. 90-85.32, is authority to set rules governing the "filling, refilling, and transfer of prescriptions." This is authority over the pharmacists, not the pharmacy. The activity that is regulated in 90-85.32 constitutes the practice of pharmacy, which requires a licensed person, a pharmacist, to fulfill (G.S. 90-85.3(p) – (r)). The rule, as written, is unnecessary and beyond the board's authority.

## **COMMISSION PROCEDURES AND OTHER MATTERS**
